ABOUT ME

Third-year Cybersecurity student with a strong interest in cybersecurity, artificial intelligence, and software development. Skilled in Python, network security, and threat analysis, with hands-on experience in developing cybersecurity projects such as phishing detection and ransomware early warning systems. Passionate about solving real-world security challenges, learning emerging technologies, and building innovative solutions. Seeking opportunities to apply technical skills and gain industry experience in cybersecurity and AI-driven technologies.

EDUCATION

**XII - JEEVA MONTESSORI MATRIC HR. SEC. SCHOOL
2023**

81 %

SRM VALLIAMMAI ENGINEERING COLLEGE 2023 – 2027

7.55 CGPA

PROJECTS

Phishguard- (AI-Based Browser Anti-Phishing Extension)

- Developed PhishGuard, an AI-powered browser extension for real-time phishing website detection.
- Implemented machine learning-based URL and webpage analysis to identify malicious websites.
- Designed an instant alert system that warns users about phishing threats and improves online security.

Hustlefy- Job Matching Platform

- a hyperlocal gig marketplace connecting workers with on-demand job opportunities.
- Designed an efficient job-matching system to connect employers and gig workers based on skills and location.
- Built a scalable platform that simplifies task hiring, improves accessibility, and supports local employment growth.

KovirX-Cybersecurity & Botnet Detection Platform

- Developed KovirX, an AI-powered cybersecurity platform for real-time botnet and malicious traffic detection.
- Implemented machine learning-based network traffic analysis to identify suspicious activities and emerging cyber threats.
- Designed an automated threat monitoring and alert system to enhance network security and incident response efficiency.

SKILLS

- | | | |
|----------------------|---------------------|---------------------------|
| • Python Programming | • Wireshark | • Browser Developer Tools |
| • Linux Basics | • Burp Suite Basics | TCP/IP |
| | | • DNS, HTTP/HTTPS |

CERTIFICATIONS

- Full stack web development - [Next24tech](#)
- AWS Academy Graduate - [Generative AI Foundations Training Badge](#)

ACHIEVEMENTS

- Winner in CTF at Sai Ram Engineering College (2025) - 1ST
- Participated in CTF at Rajalakshmi Engineering College (2026) - 7TH
- participated in WTF 3.0 - Hack The Box Chennai x SRM IST (2026) - 8TH
